Table 2: Statistical tables: This table contains values of t for which $\Pr(T > t) = p$, where $T \sim t_\nu$. In a two-tailed test, the tabulated values correspond to $\Pr(|T| > t) = p$

	One-tailed test Two-tailed test	p				
		10%	5%	2.5%	1%	0.5%
		20%	10%	5%	2%	1%
ν	1	3.078	6.314	12.706	31.821	63.657
