

**Philip Home** is Professor of Diabetes Medicine at Newcastle University

His major research interest is new therapies for diabetes management, both insulin and oral agents – over 450 full length publications.

He was Consultant Physician in Newcastle and Vice-chair of the NICE Appraisal Committee, the UK drug reimbursement advisory committee (both to 2011), and has been Clinical Lead to UK and International Diabetes Federation guidelines. He was previously President of IDF Europe and Vice-President of the IDF.

He was the Programme Committee Chair for IDF World Diabetes Congress, Montreal, 2009 and the World Clinical Trials in Diabetes meeting, Vienna, 2018, and lectures widely internationally.
